EXPERIENCE

Software Engineer

Gononet Online Solutions Ltd.

Jul 2024 - Present Dhaka, Bangladesh

- Providing expert consulting on crafting optimized database architectures and turbocharging PostgreSQL performance to ensure peak efficiency and scalability.
- Driving the development of core components in a global-scale ERP system, ensuring robust functionality and seamless integration.
- Provided strategic consulting on business development and spearheaded requirements gathering to align technical solutions with business goals.

Software Engineer

NAAS Solutions Ltd.

Mar 2022 - Jun 2024 (2yr 4mon) Dhaka, Bangladesh

- I played a key role in developing high-impact projects such as Commission Generation, Smart Queue Management Systems, and Employee KPI & Achievement Tracking, with a strong emphasis on delivering scalable and efficient solutions tailored specifically for the telecom industry.
- Led client interactions to gather comprehensive business requirements, while serving as the primary point of contact (POC) for ongoing support and issue resolution, ensuring seamless communication and project alignment.
- Enhanced team efficiency by implementing version control with Git and streamlining issue tracking through Jira, fostering better collaboration and project management.
- Steered the team in analytical decision-making and strategic task distribution, ensuring optimal resource allocation and project efficiency.

Software Engineer

Datahead (PVT.) Ltd

Sep 2019 - Oct 2021 (2yr 2mon) Dhaka, Bangladesh

- Collaborated on the development of ERP, Provident Fund, and Accounting applications, delivering robust financial solutions that streamlined organizational processes.
- I effectively liaised with clients and managed support for a diverse range of applications, serving as the primary point of contact to ensure their needs were met and issues resolved promptly.
- I enhanced team efficiency by implementing version control using GIT, streamlining collaboration, and ensuring a more organized approach to code management.

SQA Intern

Grameen-Intel Social Business

Oct 2017 - Jan 2018 (4mon) Dhaka, Bangladesh

- I conducted comprehensive testing of both mobile and web-based international applications, ensuring optimal functionality and user experience across diverse platforms and regions.

LIFE PHILOSOPHY

Every new discovery is just a reminder -
We're all small & stupid.
